

THE EMERALD HEIGHTS INTERNATIONAL SCHOOL

Inspiration

Your children need
the right support
to help them grow.

THE MOTHER

True education has to unfold and reveal what is already present in the children. They open themselves in joy and open themselves to the sun.

The finest, one could give to a child would be to teach him to know himself and to master himself. It will be best, to instil in them, the will to conquer the future, then the will to always look ahead and want to move on as smoothly as they can towards what will be.

SRI AUROBINDO

The first principle of teaching is that nothing can be taught. The teacher is not an instructor or a task master; he is a helper and a guide. His business is to suggest and not to impose. The second principle is that the mind has to be consulted in its own growth. The third principle is to work from the near to far from “which is” to that “which shall be ...”

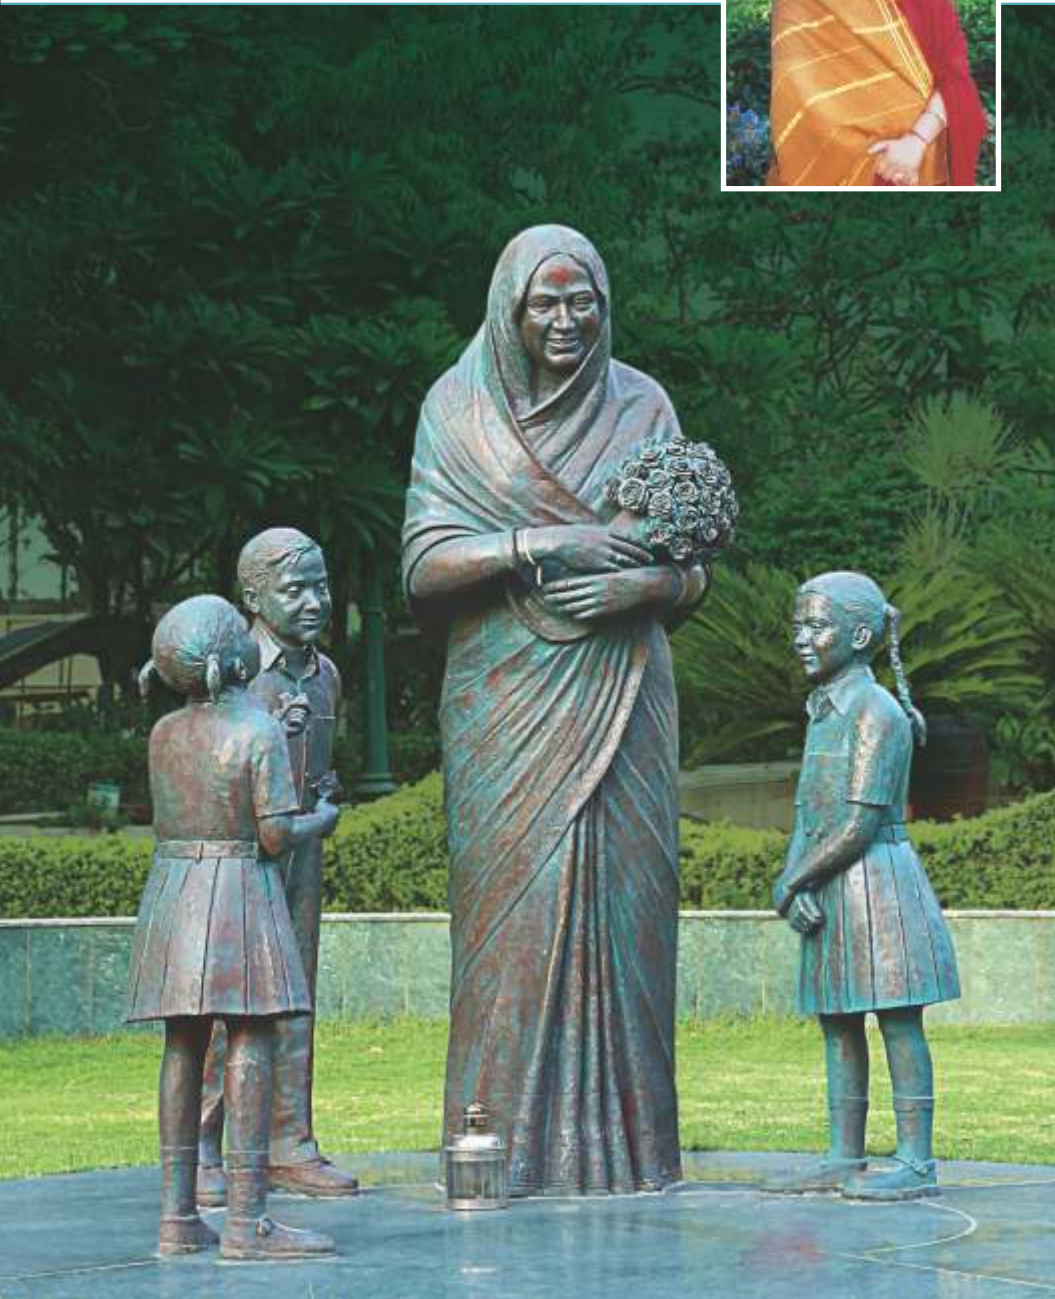

Teaching, Example and, Influence; these are the three instalments of the Guru. The wise teacher will not seek to impose himself or his opinion on the passive acceptance of the reactive mind. He will throw in only what is productive and sow as a seed, which will grow under the divine fostering within.

Our Founder

She breathes
in her children
across the globe.

E ducation is the only thing in the world which cannot be stolen away from you. It plays an integral part in making the person you become. Grades and marks do not determine the success of a person's life, its the pragmatic knowledge and depth that makes the person successful in being an extraordinary human being. Life is a journey filled with adventures, so enjoy it and make best use of every opportunity provided. A person who dreams is a person who lives, don't be afraid to chase your dreams but always remember that dreams only come true when you are true to your responsibilities and know your priorities. The most important thing in life is to become a good human being.

Love, live, dream and spread your essence in the world.

Our honoured and revered Founder and Principal,
LATE SMT. SUNEETA SINGH.

At A Glance

Founded in 1982 by
Late Smt. Suneeta Singh,
The Emerald Heights International
School is India's top K-12
co-educational international day-cum-
boarding school located in Indore,
Madhya Pradesh (M.P.), India.

For each child there
is an ideal environment,
a specific way of
nurturing that makes
the learning vibrant
and meaningful.

Environment is Everything

Imagine a school your child loves coming to each day. Imagine him waking up excited, to enter an environment where he is accepted for exactly who he is, and where he looks forward to a day that ends with a confident smile and a sense of accomplishment.

Drawing inspiration from Sri Aurobindo and The Mother, it undertook to workout and develop a scheme of integral education compatible with the contemporary needs. Since its inception, the students of our school have carved a niche in academics and sports. The outstanding performance of the school is borne out by the merit lists every year and various awards in academics, dramatics, music, dance, fine arts, and various indoor and outdoor sports. The Emerald Heights stands the tallest in Central India as an educational institute with a global ambience.

With a reputation of creating future oriented global youth, who adorn the society with their scholastic achievements and possess an invincible drive to excel in every sphere of life, it has cultivated an environment which provides its' students intellectual exposure with many avenues to reach their goals successfully and express their creativity and talent. The school has an impressive infrastructure with dedicated staff to ensure that the boarding students get the complete advantage of being in a residential setting. The Emerald Heights is affiliated to Central Board of Secondary Education (CBSE), an autonomous organization under the Ministry of Human Resource Development, Government of India and Advanced Placement (AP) curriculum by the College Board.

The school offers its students international qualifications that are recognized by educational institutes and organizations across the globe. We provide an opportunity to gain global exposure and offer international qualifications in association with our knowledge partners including Indian Public Schools' Conference (IPSC), Round Square, World Leading Schools Association (WLSA), Global Connections, American Field Services (AFS), British Council and International Award for Young People (IAYP). Our goal through these programs is to create responsible global citizens.

The Emerald Heights is one of the leading schools in India and is currently ranked 2nd in the country and 1st in Madhya Pradesh in the category of day-cum-boardingschool.

Salient Features

We foster kindness,
respect and integrity
with a safe and
nurturing environment.

Founded in 1982, The Emerald Heights International School began with a mission to provide the country's youth with an opportunity to acquire an all-round education. Today, it is one of the best schools in India, owing to the relentless efforts of its founder and her competent team. The Emerald Heights endorses a holistic education model, where each child has his or her own unique identity and self-esteem, which is valued and promoted. A high quality educational environment has the greatest positive effect on the life of a student. For our students we attempt to create an atmosphere of space, freedom, care and security in which they are nurtured to expand their horizons and grow. The intention of the school is to awaken the intelligence and the spirit of generosity in students and cultivate a global outlook, a love for nature and a concern for humanity.

Key Elements of Educational Programme-

- Interactive learning across the curriculum.
- Open, diverse and multicultural learning community.
- Holistic and international education.
- Parental partnership in the child's learning process.

CAMPUS- The Emerald Heights International School is spread over 100 acres of lush green locale. The architecture reflects a vibrant mix of modern and heritage style with all latest facilities.

LOCATION- The school is situated in Indore, which is one of the fastest growing cities in the country and is connected to all other major cities. Indore is also an educational hub with renowned institutes like IIT and IIM.

FACULTY- The staff is highly dedicated, qualified and experienced in their field and is committed to making the learning experience of every student a rewarding one. Well versed in pedagogical aspects of learning with an active participation in international education system, they are proficient in activity based teaching that helps in classroom management.

PERSONALISED LEARNING- We create a difference by our personalised approach towards teaching methods. At the Emerald Heights we emphasize on PERSONALISED LEARNING which is possible when there is an education system in which assessment, curriculum, teaching style and out-of-hours provision are all designed to discover and nurture the unique talents of every child.

LABORATORIES- Each student has a different learning style, so to promote effective learning, we have introduced various innovative skill development laboratories for experiential learning. This kind of learning involves actions, reflexes, collaboration, learner's responsibility and an active engagement of visual and auditory facilities.

LEADERSHIP- Every year the student council is appointed and the prefects are given different responsibilities to enhance their leadership skills. The school conducts

various intramural competitions throughout the year to ensure that children get opportunities to participate and exhibit their talents.

CAREER GUIDANCE- The school runs a state-of-the-art Career Counseling and Guidance Cell which helps the students in gaining an insight into different career options. With an aim to offer global opportunities we host various foreign and Indian universities throughout the year.

INTERNATIONALISM- Through various intercultural student and teacher exchange programs, MUNs, Round Square and WLSA conferences our children discover a new perspective of life. Our programs offer an exposure to the global avenues, thereby offering an opportunity to unearth the culture of other countries.

STUDENT RUN CLUBS- We, at the Emerald Heights, offer multitude of ways to our students to discover their potentials and evolve. One such platform is Student Run Clubs, wherein students participate in meaningful activities in areas of their interests, explore their passion, connect and enhance 21st century skills like critical thinking, creativity, communication, networking, etc. These fun filled clubs are perfectly planned, controlled and supervised by the student body.

COMMUNITY SERVICE- Through various community service projects our children develop a generous disposition, nurture ethical and moral values. It makes the children sensitive to the needs of the under privileged community.

EDUCATIONAL TOURS- These tours are organized keeping in mind the exposure given to students which includes visit to renowned universities including Stanford, MIT, etc. These tours cover world renowned places like NASA and places of historical importance like Grand Canyon.

Academic Infrastructure

Our mission is to educate students for success at school and beyond.

We develop each child's natural curiosity and sense of wonder in the world by exposing students to a wide spectrum of disciplines and a wealth of experiences designed to ensure a lifelong love for learning.

SMART CLASSES- Fifty classrooms are equipped with the state-of-the-art interactive touch screen panels. The school has a tie-up with Tata ClassEdge for content.

LECTURE HALLS- These have been designed in European seating arrangements, are spacious and equipped with computers, overhead projectors and a very efficient PA system.

SCIENCE LABORATORIES- The school has Chemistry, Biology and a hi-tech Physics laboratory. The laboratories have additional classrooms with audio visual technology.

COMPUTER LABORATORIES- The school has six air-conditioned computer laboratories equipped with 300 computers, smart boards and projectors to make learning experience better. The school has a tie-up with NIIT as a content partner to make the curriculum more effective and productive.

ARYABHATA-THE MATHEMATICS LABORATORY- This laboratory focuses on the practical approach to the theorems and principles of Mathematics. It is furnished with the latest equipments for experiential learning.

ROBOTICS LABORATORY- To give our students an edge, we introduced Robotics Laboratory in our school, wherein we provide them experiential learning by exposing them to robotics and its related technology through lectures, workshops, competitions, etc.

LANGUAGE LABORATORY- This is a hi-tech laboratory with computers, recorders and individual head phones which help students improve upon their pronunciation in English language. The school has a tie up with Words Worth English laboratory for content.

QUIZZING LABORATORY- The quizzing laboratory is specially established to make students aware of national, international current affairs and general knowledge. It is equipped with the facility of conducting quizzes

with the digital remote access answering machine system.

GEOGRAPHY LABORATORY- The laboratory provides experiential learning. It has modern geographical resources with a collection of minerals, ores and rocks. The laboratory has a collection of electronic and digital resources. This laboratory plays a pivotal role in the learning of Social Science and Geography.

THE ETIQUETTE LABORATORY - The school has developed an etiquette laboratory where different aspects of grooming are taught to enhance the personality of students.

NALANDA- THE RESOURCE CENTRE-CUM-LIBRARY- The resource centre-cum-library has a collection of a wide range of fifty thousand books from across the world. The library is equipped with audio visual technology and internet facility which help the students and the teachers make the sessions highly interactive and collaborative. The library is double storied and centrally air-conditioned. It also has a small theatre for dramatics and presentation of research work.

TAKSHASHILA- THE CENTRE FOR CAREER AND GLOBAL STUDIES- The school has a career counselling and guidance centre which has a database of national and international colleges and universities. The centre also has a software which records the students' profiles and guides them towards avenues best suited for them. We are also a centre for PSAT, SAT and AP in association with the College Board.

MUN LAB- The school has an audio visual and PA system equipped conference hall where students are trained for Model United Nations (MUN). This also provides online and offline research facilities to the students. Regular workshops are conducted here by the senior students for the junior delegates.

TATHAGAT - THE MINI AUDITORIUM- The school has a mini auditorium which is used to promote various cultural and literary talents.

Sports Infrastructure

Our aim is to inculcate the spirit of team-work and competitiveness in all students to make them attain new heights of success in life.

We believe that sports are as important as gaining knowledge in classrooms. That is why we provide best facilities for various outdoor and indoor sports.

ADVENTURE PARK- The school has set up an adventure park equipped with forty seven different types of activities like lead and speed climbing- first and the only artificial climbing wall in MP with a height of fifteen meters and width five meters, bouldering, rappelling, flying fox and obstacle course training to inculcate leadership and adventure spirit among young students. The adventure training is a part of our regular curriculum from VI grade onwards.

BADMINTON- The school has nine badminton courts with wooden flooring in the sports complex. The school team performs well in this racquet and shuttle game.

BASKETBALL- The school has four hard courts and two turf courts. The school teams have constantly performed well in state and national level tournaments. One of our basketball team members also plays for the Indian Women Basketball Team.

CHESS- The school has a computerized chess room with the latest software. We know that playing chess keeps the mind sharp, keeping this in mind chess is compulsory for all junior classes. The school team has consistently performed well at all levels.

CRICKET- The school has two international standard cricket grounds. We host Ranji Trophy matches every year. The school has produced good players in the past and hopes to continue to do the same in the future.

FOOTBALL- The school has four football grounds where we host numerous tournaments throughout the year. The school football team wins various tournaments regularly and is one of the best school football teams in the country.

GYMNASIUM- The school has gymnasium with all the latest machines for weight training and cardio exercises. This is used by senior students.

HOCKEY- The school has a well maintained hockey ground where India's national game rises to a new level.

NATIONAL CADET CORPS (NCC)- The school has two wings of NCC, The Air Wing and The Army Wing. Every session students enroll for NCC and are trained for two years followed by an NCC camp. The cadets are given basic military training in small arms. The goal of the organization is to engage and groom the youth of the country into disciplined and patriotic citizens.

Sports Infrastructure

ROLLER HOCKEY- The school has a roller hockey court where senior and junior students can be seen playing quad hockey.

400M RUNNING TRACK- The school has built state-of-the-art running track of 400m. We are one of the few schools in India to provide infrastructure for athletics.

SQUASH- The school has six glass back squash courts. The squash team have created a position for themselves at the national level.

SWIMMING- The school has a twenty five metres swimming pool and the depth ranges from 4 to 16 feet. The school believes that swimming can help save a life someday, keeping this in mind it is compulsory for all the students to learn swimming.

SHOOTING- The school has two automated indoor shooting galleries. One is ten metres in length and has twenty two targets. The second one has two shooting ranges- fifty metres for .22 rifle and twenty five metres for .22 and .32 pistol. The students participate in all state and national level tournaments associated with the sport and continuously bring accolades to the school.

BANKED SKATING TRACK- Keeping alive our international standard and our tradition of giving our students the best of the facilities we have recently introduced Banked Skating Track. The students regularly participate in national level skating competitions.

TABLE TENNIS- We have built a table tennis hall with twenty five tables in the sports complex and also have placed tables in the residential houses. This is a very popular sport among students and they make full use of the facility.

TENNIS- The Emerald Heights is the first school to introduce deco turf courts in Madhya Pradesh in the year 2000. Now, the school has six state-of-the-art deco turf courts and three clay courts where students are trained to excel in tennis.

VOLLEYBALL- The school has two clay courts and four hard courts, the students participate in all the tournaments associated with the sport.

OTHER SPORTS- The school also has facilities and regular classes for billiards, gymnastics, yoga, judo, karate, taekwondo, kudo, hoopkwondo, handball, throwball and netball.

Enriching Experience

Our aim is to ensure that all students who enroll here have the opportunity to reach their potential.

Our school's culture is based around quality learning and future.

Recreational activities bring out the creativity of a student in the most productive manner. We provide the best facilities for various art forms to give the students opportunities to express their creativity.

DANCE STUDIO- The school has three state-of-the-art sound proof dance rooms, with qualified and experienced trainers for Bharat Natyam, Kathak and Western Dance. The school profoundly believes in inculcating rich cultural values among all the students. Adhering to the same, the school hosts a number of activities throughout the year. The dance groups regularly win awards at state and national level. The school also helps students to get certified qualifications in dance while they are in school itself.

INSTRUMENTAL MUSIC STUDIO- The school has sound proof music studios with qualified trainers for various music instruments. The orchestra group attunes together and exhibits its talent in all the school functions.

VOCAL MUSIC STUDIO- The school has a sound proof music studio for vocal training with all the necessary equipment. The students can also enroll for a degree in vocal music while still in school.

DRAMATICS STUDIO- The school has two dramatics studios and a tie-up with Helen O'Grady for the dramatics.

ART STUDIO- The school has a huge art studio with a sitting capacity for forty students. The specialized instructors of different art forms train students and help them participate in national level events. The students can also qualify for certification in various art forms.

CRAFT STUDIO- The craft studio gives students an opportunity to think outside the box with freedom to explore thereby channelizing their creativity.

SCULPTURE STUDIO- The sculpture studio is equipped with state-of-the-art machines for clay modelling and the students are provided with opportunities to exhibit their models regularly.

DIGITAL ART STUDIO- Since the technology has a major impact on the visual arts and to provide our students with the platform to use digital tools in designing, we have recently introduced Digital Art in our school as a part of our Visual Arts curriculum. The studio uses latest CorelDraw software so that the students get hands-on training with all the features used in designing and get comfortable with the technology.

Knowledge Partners

Central Board of Secondary Education (CBSE)- CBSE is an autonomous organization under the Ministry of Human Resource Development, Government of India. It envisions Robust, Vibrant and Holistic Educations that will Empower Excellence in every sphere of Human Endeavour.

Indian Public Schools' Conference (IPSC)- IPSC was established in 1939. It aims to facilitate an All-round Development of students through emphasis on both, Academics and Extra-curricular Activities.

Round Square- The school is the proud member of Round Square, which currently has 200 member schools from around the world. The school actively participates in the National and International Conferences. The school also facilitates Short-term Exchanges with other member schools.

American Field Services (AFS)- AFS helps bringing in the Program related to Intercultural Exchanges with different countries. This includes Class, Group and Individual Exchanges related to Academics, Cultural or any other Skill Development.

British Council- Connecting classrooms with a global education program offered by British Council and UK aid. The school is also a proud recipient of the International School Award (ISA) twice, in 2014-2017 and 2017-2020.

International Award for Young People (IAYP)- The school is a Youth Engaging Society (YES) center for IAYP. It is an exciting Self-development Program for young people. This is associated by the license with the Duke of Edinburgh's International Award Association based in London.

Global Connections Foundation- Global Connections encourages Schools' Leaders worldwide to develop Global Consciousness and to promote International Co-operation in their schools.

The College Board- The College Board runs Advanced Placement (AP) Program that allows students to take courses right in their high school that can earn them college credit and/or qualify them for more advanced classes when they begin college for universities in USA/Canada.

World Leading Schools Association- The WLSA Foundation is a member driven, international education non-profit that aims to bridge where east meets west in international education. It is a joint educational foundation which aims to promote co-operation and academic exchange and culturally broadening programmes between leading associate secondary schools in the world as well as experts in the field of higher education and college counselling.

BOYS' BOARDING HOUSE

Pastoral Care

Life on campus at the Emerald Heights is about richness of opportunity, development of an individual and fulfilling the potential.

The Emerald Heights International School is one of the best boarding schools in India and is currently ranked 2nd in the country and 1st in Indore and Madhya Pradesh in the category of co-ed day-cum-boarding school and 1st in Infrastructure Provision in India by Education World. We have also been rated the Best in Academics, Infrastructure and Internationalism by Brainfeed Magazine. The school has an impressive infrastructure with dedicated staff to make sure that the boarding students get the complete advantage of being in a residential setting.

The school has a separate air-cooled boarding houses for boys and girls. For students, coming to the boarding means, living away from home for the first time. So we need to be sure that the place is clean, comfortable, safe and within easy reach of all activities. The boarding students are encouraged to take full advantage of all the facilities and opportunities provided to them. Accommodation for students is provided in well maintained, fully furnished hostels with spacious dormitories. It's here, where the young students learn the spirit of togetherness and imbibe the value of sharing and caring for one another.

The boarding students have an organized schedule, which allocates them with time for self-studies, tutorials, extra-classes, games, recreation and rest. The students' well-being is looked after by a team of dedicated house staff and wardens, who provide them with a homely and friendly atmosphere.

The boarding has facilities like television rooms, reading lounge, recreation rooms with table tennis and billiards tables and separate rooms for self-studies. The wardens pay individual attention to each child, acting like strong and motivating parents and counseling them when required.

THE BOARDING SCHEDULE

GIRLS' BOARDING HOUSE

THE EMERALD HEIGHTS FOUNDATION SCHOOL

Infrastructure For Intelligence

No child is rushed, nor is any child held back.
Each child is encouraged to go as far as their natural curiosity takes them.

Under the supervision of trained, experienced and caring teachers, the children's own love of exploration allows them to take the lead in their learning.

NACHIKETA- THE THEATER FOR BUDDING STARS- Jack and Jill to Ringa Ringa Roses, Robin Hood to Cinderella, Snowwhite and Dwarfs to Beauty and the Beast, Lord Rama to Lord Krishna, from the tales of fairies to the story of mythologies, anecdotes to fables, the pupils enact the roles of heroes of their choice, overcoming their apprehensions, making them able to differentiate real life with reel life and shed their inhibitions. A bold and beautiful mind grows perpetually spontaneously without stage fear.

STORYTELLING ROOM- Storytelling is a creative approach to learning as it stimulates child's imagination and familiarize them with sounds, words, languages, etc. Our skilled teachers know the importance of using storytelling to build child's literary skills like the ability to listen and understand words.

MONTESORI LABORATORY- Our Montessori Laboratory helps tiny toddlers experience various activities in a friendly atmosphere wherein they develop imagination and concentration. Observation of every child by our qualified Montessori teachers helps in their development.

ART AND CRAFT- LANDSCAPE OF THE SOUL- The soft and tender feelings are expressed impressively

on the canvas, which open the windows of imagination, where the heart is dipped in rainbow colors, exhibits the God gifted talent. The world of dreams is painted, moulded and given shape through the medium of artful hand work of fine arts.

PLAY AREA- The play world satisfies the need of recreation for children by giving them physical and mental comfort, which can soothen and cajole. The craze for making sand castles or building block houses, playing hide and seek or engineering the interior of doll's house, is all part of their learning process.

SMART CLASSES- The school believes in providing technology to the students from the kindergarten itself. The castle has smart classes with Tata ClassEdge software, so that the teachers and students are able to use the latest material available online.

DANCE ROOM- Children are introduced to the basics of dance and music in a fun and lighthearted atmosphere where young kids enjoy building overall coordination. Here child develops physical skills, stamina, creativity and expression using a range of activities.

MUSIC ROOM- The school has a tie up with Musicalaya for acoustic learning. The students are exposed to the world of music using child friendly lyrics and various musical instruments to develop rhythm.

The focus is on offering students with opportunities which lead to questioning, exploring and discovery. We offer a frame work that meets the child's academic, social, physical, emotional and cultural requirements.

Teaching and learning strategies vary according to the purpose of task and need of the child. The teaching staff is there to guide and encourage, all within a caring and supportive environment, that promotes children to be independent learners.

Set on a hill top, imagined and visualized like wings of a fairy, inviting pupils with spreading arms, showering humility, love, affection, care and benevolence, a compassionate wing in the lap of lush green surroundings is articulately developed for the most lovable students of the school.

The castle has an attractive courtyard and a stage running parallel leaving the centres open to the sky. It has a Greacian garden in the rear, a sandpit, mushroom sliders and ladders. They have their own world i.e. Study Room, Storytelling Room, Nachiketa- The Multimedia Theatre, Art and Craft Room, Montessori Laboratory, Dance Room, Music Room, Smart Classes and a Play Area.

A happy and lively unit in which caring teachers cater to individual needs and monitor their stages of development, where there are plenty of opportunities for first hand learning and grasping most effectively through first hand experience. They are encouraged to question, explore, apply and test out what they know and can do through comprehensive enquiry based learning. The students are encouraged to conduct constructive issues. This way they learn how to solve complex problems, think critically and develop a personality with relevant knowledge and skills.
