

THE EMERALD HEIGHTS INTERNATIONAL SCHOOL

Our Inspiration

The children need
the right support
to help them grow

THE MOTHER

True education has to unfold and reveal what is already present in the children. They open themselves in joy and open themselves to the sun.

The finest, one could give to a children would be to teach them to know themselves and to master themselves. It will be best, to instil in them, the will to conquer the future, then the will to always look ahead and want to move on as smoothly as they can towards what will be.

SRI AUROBINDO

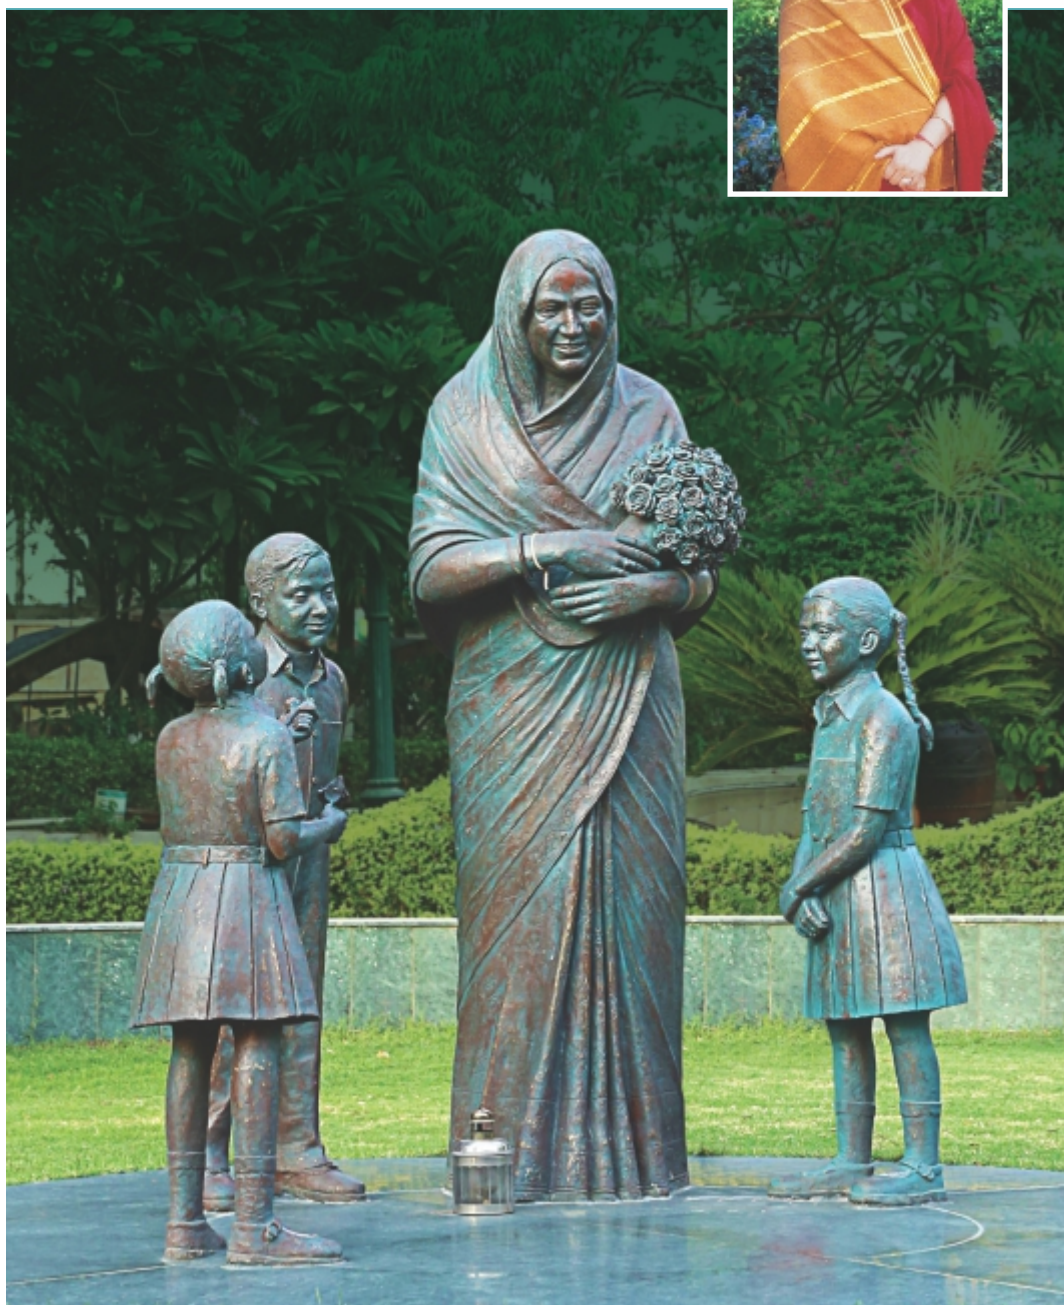

The first principle of teaching is that nothing can be taught. The teacher is not an instructor or a task master; he is a helper and a guide. His business is to suggest and not to impose. The second principle is that the mind has to be consulted in its own growth. The third principle is to work from the near to far from “which is” to that “which shall be ...”

Teaching, Example and Influence; these are the three instalments of the Guru. The wise teachers will not seek to impose themselves or their opinion on the passive acceptance of the reactive mind. They will throw in only what is productive and sow as a seed, which will grow under the divine fostering within.

Our Founder

She breathes
in her children
across the globe

Our honoured and revered Founder and Principal Late Smt. Suneeta Singh.

Education is the only thing in the world which cannot be stolen away from you. It plays an integral part in making the person you become. Grades and marks do not determine the success of a person's life, its the pragmatic knowledge and depth that makes the person successful in being an extraordinary human being. Life is a journey filled with adventures, so enjoy it and make best use of every opportunity provided. A person who dreams is a person who lives, don't be afraid to chase your dreams but always remember that dreams only come true when you are true to your responsibilities and know your priorities. The most important thing in life is to become a good human being.

Love, live, dream and spread your essence in the world.

At a Glance

Founded in 1982 by
Late Smt. Suneeta Singh

The Emerald Heights International School is affiliated to CBSE and India's top K-12 co-educational international day-cum-boarding school located in Indore, Madhya Pradesh, India.

Environment is Everything

Imagine a school your children love coming to each day. Imagine them waking up excited, to enter an environment where they are accepted for exactly who they are, and where they look forward to a day that ends with a confident smile and a sense of accomplishment.

The Emerald Heights International School is India's top K-12 co-educational international day-cum-boarding school, situated on a sprawling 100-acre campus in Indore, Madhya Pradesh. Founded by late Smt. Suneeta Singh on 18 February 1982, the school is dedicated to the holistic development of its students, emphasizing community service, national integration, and a global outlook.

Inspired by the educational philosophy of Sri Aurobindo Ghosh and his spiritual successor, The Mother, Emerald Heights offers a uniquely holistic education experience. The school integrates contemporary academic curriculums with the latest ICT pedagogies and a wide range of co-curricular and sports education opportunities, reflecting universal humanistic spiritual values.

Affiliated with the CBSE, The Emerald Heights offers Science, Commerce, and Humanities streams. In line with NEP 2020 guidelines, the school provides nearly 17 subject combinations, including electives, to meet dynamic career needs and encourage interdisciplinary learning. Subjects and streams are allocated to students with the guidance of experienced counselors. The Emerald Heights students have received acceptances from prestigious higher education institutions, including Ivy League universities, often with substantial scholarships.

The school fosters internationalism and intercultural understanding through membership with organizations such as the Indian Public Schools' Conference (IPSC), Round Square, World Leading Schools Association (WLSA), Global Connections, AFS, International Award for Young People (IAYP), The College Board, International Association for College Admission Counseling (IACAC), Global Education Benchmark Group (GEBG) and Boarding Schools' Association of India (BSAI).

Ranked #1 in the country and in Indore and Madhya Pradesh in the co-ed day-cum-boarding school category, and #1 in India for Infrastructure Provision by the EducationWorld India School Rankings 2023-24, Emerald Heights offers exceptional resources and opportunities to its students and teachers, ensuring a fulfilling educational experience for all.

Salient Features

We foster kindness,
respect and integrity
in a safe and
nurturing environment

Key Elements of our Educational Programme-

- Holistic and international education
- Focus on experiential learning
- Interactive learning across the curriculum
- Open, diverse and multicultural learning community
- Parental partnership in the child's learning process

Campus: The school is spread over 100 acres of lush green locale with world class infrastructure. The architecture reflects a vibrant mix of modern and heritage style with all latest facilities.

Location: The school is situated in Indore, the cleanest and one of the fastest growing cities in the country and is connected to all other major cities. Indore is also an educational hub with renowned institutes like IIT and IIM.

Faculty: The staff is highly dedicated, qualified and experienced in their field and is committed to making the learning experience of every student a rewarding one. Well versed in pedagogical aspects of learning with an active participation in international education system, they are proficient in activity based teaching that helps in classroom management.

Personalised Learning: We create a difference by our personalised approach towards teaching methods. At our school we, emphasize on personalised learning, which is possible when there is an education system in which assessment, curriculum, teaching style and out-of-hours provision are all designed to discover and nurture the unique talents of every child.

Laboratories: Each student has a different learning style, so to promote effective learning, we have introduced various innovative skill development laboratories for experiential learning. Our laboratories foster a culture of innovation, creativity, problem solving and critical thinking.

Leadership: Each year, the school appoints a student council and assigns prefects various responsibilities to enhance their leadership skills. To ensure students have opportunities to participate and showcase their talents, the school also conducts cultural,

literary, and sports festivals.

Student Clubs: At our school, we offer numerous opportunities for students to discover their potential and evolve. One such platform is Student Clubs, where students engage in meaningful activities aligned with their interests, exploring their passions and enhancing 21st-century skills like critical thinking, creativity, communication, and networking. These enjoyable clubs are meticulously planned, controlled, and supervised by the student body.

Career Guidance: The school runs a state-of-the-art Career Counseling and Guidance Cell which helps the students in gaining an insight into different career options. With an aim to offer global opportunities we host various foreign and Indian universities throughout the year.

Internationalism: Through various intercultural student and teacher exchange programs, MUNs, Round Square and WLSA conferences our children discover a new perspective of life. Our programs offer an exposure to the global avenues, thereby offering an opportunity to unearth the culture of other countries. Our students have been going to countries like the United States, Russia, Germany, France, Spain, Paraguay, Argentina, Brazil, South Africa, Colombo, Egypt and the United Kingdom. We have also hosted students from the same countries.

Community Service: Through various community service projects our children develop a generous disposition, nurture ethical and moral values. It makes the children sensitive to the needs of the not so privileged community.

Academic Infrastructure

Our mission is to educate and prepare students for life

We develop children's natural curiosity and sense of wonder in the world by exposing them to a wide spectrum of disciplines and a wealth of experiences designed to ensure a lifelong love for learning.

Classrooms: All classrooms are equipped with the state-of-the-art interactive touchscreen panels.

Lecture Halls: The school boasts four state-of-the-art lecture halls, each equipped with the latest technology to support interactive and engaging classes.

Science Laboratories: The school features high-tech laboratories for Chemistry, Biology, and Physics. These laboratories are equipped with additional classrooms that incorporate audio-visual technology.

Computer Laboratories: The school boasts six air-conditioned computer laboratories, each equipped with smart boards, projectors, and a total of 300 computers, enhancing the learning experience.

Aryabhata-the Mathematics Laboratory: This laboratory emphasizes a practical approach to understanding mathematical theorems and principles. It is equipped with the latest tools to facilitate experiential learning.

Robotics Laboratory: Our cutting-edge Robotics Laboratory offers an exceptional hands-on learning experience, immersing students in the fascinating world of robotics and advanced technology. Through engaging lectures, dynamic workshops, and exciting competitions, we inspire and nurture the innovators of tomorrow.

Quizzing Laboratory: The Quizzing Laboratory is dedicated to enhancing students' knowledge of national and international current affairs and general knowledge. Equipped with digital remote access answering systems, it provides a dynamic platform for conducting quizzes and fostering intellectual curiosity.

Stem Laboratory: The STEM Laboratory at our school is designed to ignite curiosity and foster innovation in science, technology, engineering, and mathematics. Equipped with state-of-the-art tools and resources, the lab provides students with hands-on

experiences that bring theoretical concepts to life.

Makers' Laboratory: The school proudly features a Design Thinking Lab, also known as the Makers Lab, a dynamic space dedicated to fostering creativity and innovation. Students can explore a wide range of activities, from 3D printing and coding to electronics, all within a collaborative environment.

Nalanda- The Resource Centre-cum-library: Our resource center-cum-library boasts a diverse collection of amazing books sourced globally, encompassing all genres and subjects. Equipped with state-of-the-art audio-visual technology, internet facilities, and a comprehensive collection of magazines, it fosters highly interactive and collaborative learning experiences for students and teachers alike.

Takshashila- The Centre For Career And Global Studies: We strive and ensure that each student makes informed decisions while selecting the path and applying to universities or colleges, globally. We offer avenues for research, internships, community service, etc. with renowned institutions across the globe. Our alumni who are placed at prestigious universities across the world, conduct interactive sessions and talk about their experiences and considerable factors to receive notable scholarships.

MUN Studio: Our school features a state-of-the-art conference hall equipped with audio-visual and PA systems, specifically designed for training students in Model United Nations (MUNs). Regular workshops are conducted by senior students for junior delegates, further enhancing the learning and debating skills essential for MUN participation.

Tathagat- The Mini Auditorium: Our school boasts an auditorium with a seating capacity of over 200, serving as a versatile venue for cultural events, literary activities, workshops, symposiums, and training sessions.

Sports Infrastructure

At The Emerald Heights International School, sports are an integral part of our curriculum.

Our world-class sports infrastructure provides an ideal environment for students to engage in a wide range of sports activities. Engaging in sports helps students develop crucial life skills such as discipline, teamwork, confidence, willpower, obedience, and resilience. These qualities are not only vital for their athletic pursuits but also for their academic and personal growth.

Adventure Park: The school has constructed a state-of-the-art bouldering and sport climbing wall in the Adventure Park. This is the first and the only artificial climbing wall in school in MP with a height and width of 15m and 5m respectively for lead and speed climbing. Our Adventure Park is equipped with forty seven different activities including rappelling, flying fox, etc. The Obstacle Course training is a part of our regular curriculum from Class-VI onwards to inculcate leadership and adventure spirit among young students. Our student bagged Bronze medal for India in Sport Climbing at Asian Championship 2019 held in Bengaluru.

Badminton: The school has nine wooden badminton courts housed in a grand auditorium, Maharana Pratap Sports Complex.

Basketball: The school has four hard courts and two turf courts. The school teams have constantly performed well in state and national level tournaments. Five of our students were members of the Indian Women's Basketball Team.

Chess: Chess is not just a game but has now become an analytical tool which helps the players become problem solvers. In order to develop the skills Chess has been made compulsory for primary classes. Our players consistently win medals at national level tournaments.

Cricket: The school has two international standard cricket grounds. We are the only school in India who hosts Ranji Trophy. We also host matches for Mushtaq Ali T20 and Vijay Hazare Trophies.

Football: The school has four football grounds where we host numerous tournaments throughout the year. The school team wins various tournaments regularly and is one of the best school football teams in the country. In the 3rd Edition of Khelo India Youth Games, our student was the member of Madhya Pradesh Football Team.

Gymnasium: The school has a gymnasium with all the latest machines for weight training and cardio exercises. This is used by senior students under the guidance of trained fitness experts.

Hockey: The school has a well-maintained ground for field hockey, and one 6-a-side hockey ground.

National Cadet Corps (NCC): The school has two wings of NCC, The Air Wing and The Army Wing. Every session students enroll for NCC and are trained for two years followed by an NCC camp. The cadets are given basic military training in small arms. The goal of the organization is to engage and groom the youth of the country into disciplined and patriotic citizens. One of our NCC cadets represented MP and CG Directorate in the Republic Day Camp 2016 and created history by being the 1st Junior Wing Airforce Girl Best Cadet in the contingent.

Roller Hockey: We are producing excellent skaters in Roller Hockey with our infrastructure and every year our team wins medals in state and national level tournaments.

400m Running Track: The school has built state-of-the-art running track of 400m. We are one of the few

Sports Infrastructure

schools in India to provide infrastructure for athletics.

Squash: The school has six glass back squash courts of international standards. Our student represented India and was ranked #1 in India and #2 in Asia in 2017.

Swimming: The school has a 25m swimming pool and the depth ranges from 3.5 to 12 feet. Swimming is a mandatory part of sports curriculum as the school believes it is a life-saving skill. One of our students was a member of national Water Polo Team and ranked #1 at Swimming and Canoe Slalom in India in 2019 and 2020 respectively and, represented India in Canoe Slalom at Spain, Iran, China in 2019 and Italy in 2022.

Shooting: The school has two automated indoor shooting galleries. One is ten metres in length and has twenty two targets. The second one has two shooting ranges- fifty metres for .22 rifle and twenty five metres for .22 and .32 pistol. Our two shooters were members of India National Shooting Squad 2020. Our students are consistently exhibiting outstanding performances in Khelo India Youth Games, winning medals and scholarships.

Banked Skating Track: To adhere to the international standards and our tradition of giving students the best of the facilities we have constructed 200m Banked Skating Track in our school. Our students bagged three gold medals for India in Asian Championship 2018, Thailand and Open International Competition 2018, Indonesia.

Table Tennis: Maharana Pratap Sports Complex houses a grand table tennis hall with 25 tables. Our students play the national tournaments and win medals for the school and state. Also our students have held I and II State Rank in 2019.

Tennis: Emerald Heights is the first school to introduce deco turf courts in Madhya Pradesh in the year 2000 which we recently renovated to vibrant blue Rebound Ace synthetic courts, with the combination used first time in India. Our student was selected in the Junior Davis Cup, Malaysia in 2020 first from MP and also represented India at Junior Asian Championship 2018 in Qatar.

Volleyball: The school has two clay courts and four hard courts. The students participate in all the tournaments associated with the sport.

Martial Arts: The grand Samrat Ashoka Hall is equipped with all the facilities for Judo, Karate, Taekwondo, Kudo and Hupkwondo. Our students won medals at national tournaments and one of the students was selected in the 3rd Edition of Khelo India Youth Games.

Yoga: Our experienced yoga teachers takes the session wherein our students perform various asanas and pranayam. Our students won two gold and one bronze medals for India in Asian Yoga Sports Championship 2019.

Other Sports: The school also has facilities and regular classes for billiards, gymnastics, golf, handball, throwball and netball.

Co-curricular Infrastructure

Learning transcends
the confines of classrooms

At our school, co-curricular activities are meticulously crafted to broaden our students' horizons. We offer state-of-the-art facilities for fine arts and performing arts, providing ample opportunities for students to express and nurture their creativity.

Dance Studio: Our school boasts state-of-the-art, soundproof dance rooms with qualified trainers for Bharat Natyam, Odissi, Kathak, and Western dance forms. Emphasizing cultural enrichment, we host numerous activities throughout the year, with our dance groups consistently winning awards at state and national levels. Students also have opportunities to earn certified qualifications in dance while still in school.

Instrumental Music Studio: Equipped with soundproof studios and skilled trainers for various instruments, our school orchestra harmonizes to showcase its talent at all school functions.

Vocal Music Studio: Featuring a soundproof studio for vocal training, our facilities include all necessary equipment. Students can pursue a degree in vocal music while enrolled in school.

Dramatics Studio: With two dedicated studios and a partnership with Helen O'Grady for dramatics, our school nurtures theatrical talents through structured programs.

Art Studio: Our art studio, guided by specialized instructors in diverse art forms, prepares students for national and international events, offering certification opportunities in various artistic disciplines.

Craft Studio: Encouraging creativity beyond boundaries, our craft studio empowers students to explore innovative ideas freely.

Sculpture Studio: Equipped with state-of-the-art clay modelling machines, our sculpture studio provides platforms for students to regularly exhibit their creations.

Digital Art Studio: Recognizing the impact of technology on visual arts, we introduced Digital Art using CorelDRAW and Adobe Photoshop. This studio equips students with hands-on training in digital design tools, preparing them for contemporary creative endeavours.

Knowledge Partners

Central Board of Secondary Education (CBSE): CBSE is an autonomous organization under the Ministry of Human Resource Development, Government of India. It envisions robust, vibrant and holistic educations that will empower excellence in every sphere of human endeavour.

Indian Public Schools' Conference (IPSC): IPSC was established in 1939. It aims to facilitate an all-round development of students through emphasis on both, academics and extra-curricular activities.

Round Square: The school is the proud member of Round Square, which currently has 250+ member schools from around the world. The school actively participates in the national and international conferences. The school also facilitates short-term exchanges with other member schools.
